Mohammad Al-Samen Food Industries was established in 2019 as a company specializing in the manufacturing and production of hot beverages. We constantly strive to develop our products to become the preferred choice for consumers worldwide. Committed to international quality standards, our dedication is reflected in securing the following global accreditations and certifications:

- ISO 9001: Quality Management System, ensuring the continuous excellence of our products and services.
- ISO 22000: Food Safety Management System, guaranteeing that products are completely free from health hazards.
- ISO 14001: Environmental Management System, aimed at protecting the environment surrounding the factory and reducing emissions.
- ISO 45001: Occupational Health and Safety Management System, providing a safe and healthy working environment for our employees.
- FDA: US Food and Drug Administration approval, ensuring product compliance with global health standards.
- HACCP: A preventive system dedicated to food safety against biological, chemical, and physical hazards.
- GMP: Good Manufacturing Practices, which ensure that food products are manufactured according to strict quality standards.

Furthermore, all our production processes are subject to the hazard monitoring program of the Jordan Food and Drug Administration (JFDA), thereby guaranteeing the safety and excellence of every product that leaves our facility.

Mohammad Al-Samen Food Industries employs 120 professionals and follows a comprehensive monitoring system. This begins at our specialized laboratory, equipped to meticulously test all raw materials and finished products to guarantee the highest quality. This system is further integrated with regular health checks for all our staff and workers. We do not merely meet health and food safety standards; we continuously strive to embed the concepts of safety and premium essence into every product we produce.
